Right	15

KEY STRENGTHS

- Clinical finishing
- Effective as right winger
- Explosive movement
- Intelligent link-up play
- High work rate off the ball
- Goal-scoring instinct
- Team-oriented attacker
- Versatile forward / wing role

PLAYER PROFILE

Keisha Adeliena is a technically gifted and highly motivated young forward with a sharp goal-scoring instinct and intelligent movement in the final third. She has progressed rapidly through the Malaysian youth system and earned consistent call-ups to the Malaysia Young Tigress national youth teams (U-16 / U-17). She was recently called up to the Senior National Team Squad.

A standout performer at club level with Havana FC (KL Havana) since 2024, she has featured regularly in Liga Puteri competitions and represented Malaysia at the ASEAN Women's U-16 Championship. Her work rate, clinical finishing and ability to operate as a pure striker, centre forward or right winger make her one of the most versatile and promising talents in the Malaysian women's youth setup.

From September 2026 she will join the British International School Phuket – Cruzeiro Academy on a football scholarship, the next step in her international development pathway.
